

VLADYSLAV ONIPKO

FULL STACK DEVELOPER

I am a proficient web developer with 2+ years of hands-on experience in building dynamic and responsive web applications. Skilled in HTML, CSS, JavaScript and TypeScript, also specialized in developing user interfaces using React. My back-end development skills include working with Node.js and Express.js, I have a solid understanding of database management using MongoDB and Mongoose. I am dedicated to producing clean, structured and reusable code. I am looking for a full-time position, where I can apply my knowledge and continue improving my skills.
